READING LOG

Early Readers (0-5) and Kids (6-11)

Color one food supply item that a pioneer on the Oregon Trail would have packed in their covered wagon for every 10 minutes of reading/being read to. When you've colored all 12, that will be two hours of reading. Bring this sheet to the library to put a token in our library goal jar and fill out a prize ticket for the drawing! Be sure to turn in all your hours by August 10.
